

STREAMLINE

Your Credentialing Process

CertiFACTS is the premier online subscription service to verify physician certification

Expanded search capabilities now include physician NPI and Active State Licensure

- Meets Primary Source Verification (PSV) for board certification of physicians
- Provides access to information on more than 880,000 physicians
- Allows queries on 17 data fields
- My Physicians List feature provides email alerts on certification changes to physicians in your saved lists
- Displays board certification effective and expiration dates, complete physician certification history, and ABMS continuing certification (MOC) program information
- Custom data matching and extract files available for bulk or one-time certification needs

Choose from subscription options to fit your query needs

Our annual subscriptions of 12 or 24 months offer unlimited queries for multiple sites and users.
